

Avtron M7 Ultra-Low Temperature Encoders

Severe Duty Hollow Shaft Mount Ultra-Low Temperature Magnetic Encoder, 1" to 1 1/8"

Magnetic Durability in a Compact Encoder

Heavy, Mill Duty

Up to 1200 PPR -45°C to +80°C Operation

Immune to water, oil, dust, dirt, etc.

Withstands extreme shock and vibration

Extra heavy-duty bearings

Optional dual isolated outputs

Excellent for oil drilling and gas pipeline applications

M7

Avtron M7 Hollow Shaft

Magnetic Hollow Shaft Mount Encoder, 1" to 1 1/8"

M7-4 and M7-5 heavy mill duty encoders are designed for direct mounting on motor or load shafts, from 1" to 1 1/8".

Forget fragile glass disk encoders! The M7 features Avtron's rugged magnetic sensor and solid metal rotor technology. Our shatterproof, moisture proof systems ensure your application has maximum uptime.

No more tiny stub shafts on big motors or load shafts! The hollow shaft (tethered) models offer direct mounting on big shafts, from 1" to 1 1/8", without flanges, reducers, couplings, or other hardware. No rework is needed; just mount the encoder directly on the shaft, and secure the tether arm. The heavy duty bearings withstand runout and vibration that destroy lesser encoders.

If you have a rough application in a cold location, select an M7 encoder!

OUTLINE DRAWING

MORE M7 ADVANTAGES

- Threaded rod torque arm for easy tethered mounting
- Highly resistant to electrical and magnetic motor and brake noise
- Second isolated output may be different PPR
- Available armored wire gland
- IP66 Enclosure
- 1 Year No-Hassle Warranty

MORE M7 SPECIFICATIONS

Operating Power:

Volts: 5-24 VDC;

Current: 120mA per output, no load 24VDC

770mA @24VDC heater current required for operation below -

40°C

Output Format: A,/A, B,/B; Optional Marker Z,/Z

Frequency Range: 0 to 100 kHz

PPR: 240-1200

Speed: 5000 RPM Max. Std., 1" to 1 1/8" shaft

Temperature: 80°C to -45°C (internal heater operation required below -40°C)

Chemical: Polyurethane enamel paint protects against salt spray, mild acids, and bases

Weight: 16 lbs./7kg.

All dimensions are in inches [millimeters].
